

Prague, January 5th, 2015

Dear all,

I am writing this recommendation on behalf of the Czech Trade Union of Workers in Commerce (Odborový svaz pracovníků obchodu, OSPO). We hired Ms. Horak a few years ago to join us to regular international conferences with the trade unions of other countries as a simultaneous interpreter. These conferences took place in Berlin/Germany, Bucharest/Romania and Istanbul/Turkey.

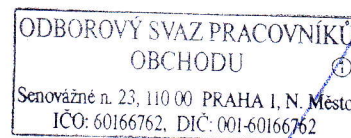

It was very important for us to have an interpreter who would be able to follow all the debates and translate our statements for the others correctly. Ms. Horak has shown to be more than that, thanks to her knowledge of many languages and various European cultures, she was able to provide all the information needed as well as to create a good atmosphere between my co-worker, whom she accompanied to the conferences, and the representatives of the other countries.

Ms. Horak has perfect communication skills, can easily cooperate with others in a team and is always willing to help if any help (with translation or anything else) is needed. It is remarkable what she has achieved at her young age but I am sure there is much more to come.

We hope that Ms. Horak will join us to further conferences again in the future, although I am convinced that her right spot is in the media, being creative and writing her own stories.

Please contact me if you need any additional information.

Kind regards,

Renáta Burianová
OSPO President
